(Both signatures are required. If installed by the homeowner, the homeowner must also sign the installer section.)

A copy of the purchase receipt or installer's invoice is included with this application (must include model numbers)

I certify that the above items were purchased and installed at the above listed service address. I will allow a Kootenai Electric Cooperative (KEC) representative to verify installation and/or operation at their discretion. I understand that it is my responsibility to ensure the items were installed in compliance with applicable codes. KEC disclaims and is free from all liability arising from the installation and/or operation of the said items. I also understand that KEC will make the final determination of any incentive that I will receive. KEC rebate programs are subject to change without notice.

By signing below, the homeowner certifies that they understand and agree that they may be contacted for the purpose of scheduling an on-site installation quality assurance visit by a representative of the Heat Pump Water Heater (HPWH) program. This form must be signed by the person whose name appears on the electric utility account. ENERGY INFORMATION RELEASE: The undersigned utility customer requests and authorizes Kootenai Electric Cooperative (KEC) to release billing and usage information for the account listed below to the HPWH program. With this authorization, the HPWH program can request billing information for up to two years pre-installation and two years post-installation. The utility customer also hereby releases KEC from any and all liability arising from or connected with providing this information.

Contractor

Installer Name (printed) _____ Non-Contractor or Homeowner

Installer Signature _____ Date _____

PRIVACY ACT STATEMENT

Basic authority for collecting this information is authorized by 16 U.S.C. 832 §§ et. Seq. and 838 et. Seg., pursuant to Bonneville Power Administration's Conservation Program system of records established in 46 FR 31700. This information is primarily intended to further, but is incidental to the performance of, BPA's overall Energy Efficiency Program, the objective of which is to acquire energy resources through energy efficiency, to determine what cost-effective conservation and direct application renewable resources measures should be installed or adopted under different circumstances, and to provide incentives of the installation of such measures. Other routine issues of this information include: aggregation into a public database on energy efficiency; furnished to authorized personnel for installation/repair of equipment; aggregated into a database for program publicity; and in some instances information regarding buildings will be made available to subsequent purchasers of the buildings. Your disclosure of the requested information is voluntary; however failure to provide requested information means that it will not be possible for you to participate in this BPA Energy Efficiency program.
